PROPS, JETS & ROTORS

Adelaide's 19th Annual Aviation Scale Model Display & Competition August 07 – 08 2020

About PROPS, JETS & ROTORS

PROPS, JETS & ROTORS is an annual scale model display and competition for aviation modellers and enthusiasts.

There is more of an emphasis on modeller participation and the display of aviation models rather than competing and winning.

However the "competition" component of the event recognizes and rewards excellence in aviation scale modeling.

All aviation modellers are invited to participate, regardless of the standard of model making skills.

VENUE

S.A. AVIATION MUSEUM
Lipson Street
PORT ADELAIDE
